EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas M. Galgano on April 29, 2005.

The application has been amended as follows:

In the specification, page 5, in the new paragraph added between lines 8 and 9, on line 13 of the new paragraph, "rectilinear" has been replaced with -- linear --.

In claim 1, line 13, "rectilinear" has been replaced with -- linear --.

In claim 9, line 2, "system" has been canceled.

In claim 9, line 3, "corner connectors" has been replaced with -- at least one corner connector --.

Claim 14 has been canceled.

In claim 15, line 2, "14" has been replaced with -- 21 --.

In claim 15, line 2, after "wherein said" the following has been added -- at least one --.

In claim 15, line 6, after "said" the following has been added -- at least one --.

In claim 21, line 5, "bottom walls" has been replaced with -- bottom wall --.

In claim 21, line 15, "rectilinear" has been replaced with -- linear --.

The following is an examiner's statement of reasons for allowance: The Ryan patent (U.S. Patent No. 10/731,194) fails to show a sidewall that includes three linear segments in which the first segment is disposed perpendicular to the top wall and having a first end attached to the rear end of the top wall and a second end coupled to the second segment, and a third segment disposed perpendicular to the second segment and the bottom wall and having a first end coupled to the second end of the second segment and a second end coupled to the rear end of the bottom wall. The rest of the prior art of record also fails to show the sidewall structure defined above and included in independent claims 1 and 21.

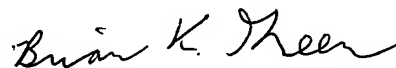

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
